NATIONAL ARCHIVES AND RECORDS ADMINISTRATION

[NARA-2014-011]

Proposed Disposal of George H.W. Bush and Clinton Administration Electronic Backup Tapes

AGENCY: Office of Presidential Libraries, National Archives and Records Administration (NARA).

ACTION: Presidential Records Act notice of proposed disposal of George H.W. Bush and Clinton Administration Disaster Recovery Backup Tapes; final agency action.

SUMMARY: The National Archives and Records Administration (NARA) is issuing this final notice to dispose of a collection of disaster recovery backup tapes from the George H.W. Bush and Clinton administrations under the provisions of 44 U.S.C. 2203(f)(3). The notice of proposed disposal of this collection of disaster recovery backup tapes was published in the **Federal Register** on June 28, 2013 (78 FR 125, p. 39016), and contains a detailed description of this issue. NARA received no comments on the proposed notice, and is therefore proceeding with this notice of final agency action.

DATES: This notice will be effective and the disposal will occur on or after February 18, 2014.

FOR FURTHER INFORMATION CONTACT: Director of Presidential Libraries Susan K. Donius; National Archives and Records Administration, Suite 2200; 8601 Adelphi Road; College Park, Maryland 20740-6001; by telephone at 301-837-3250; by fax to 301-837-3199; or by email to beth.fidler@nara.gov.

SUPPLEMENTARY INFORMATION: NARA published a "Presidential Records Act notice of Proposed Disposal of George H.W. Bush and Clinton Administration Electronic Backup Tapes" on June 28, 2013, in the **Federal Register** (78 FR 125) for a 45 day comment period. NARA received no written comments.

NARA has determined that further retention of these disaster recovery backup tapes is not warranted. The Presidential and Federal electronic mail with attachments, pager, and calendar records residing on these backup tapes were previously restored and NARA will permanently retain those Presidential and Federal records on a different set of electronic media. Because the backup tapes proposed for disposal were made for disaster recovery purposes and the restoration project was completed in 1996, NARA is following the normal disposal processes established in General Records Schedules 20 and 24 for Federal record backup tapes.

NARA will proceed to dispose of 22,907 All-In-One backup tapes created during the George H.W. Bush and Clinton Administrations by OA staff as specified in the February 18, 2014 of this notice, because NARA has determined that they lack sufficient administrative, historical, informational, or evidentiary value. This notice constitutes NARA's final agency action pursuant to 44 U.S.C. 2203(f)(3).

Dated: December 16, 2013.

SUPPLEMENTARY INFORMATION: Under section 4041 of the Employee Retirement Income Security Act of 1974, as amended (ERISA), a single-employer pension plan may terminate voluntarily only if it satisfies the requirements for either a standard or a distress termination. Pursuant to ERISA section 4041(b), for standard terminations, and section 4041(c), for distress terminations, and PBGC's termination regulation (29 CFR part 4041), a plan administrator wishing to terminate a plan is required to submit specified information to PBGC in support of the proposed termination and to provide specified information regarding the proposed termination to third parties (participants, beneficiaries, alternate payees, and employee organizations). In the case of a plan with participants or beneficiaries who cannot be located when their benefits are to be distributed, the plan administrator is subject to the requirements of ERISA section 4050 and PBGC's missing participants regulation (29 CFR part 4050). These regulations may be found on PBGC's Web site at <http://www.pbpc.gov/res/laws-and-regulations/code-of-federal-regulations.html>.

The collection of information under these regulations and the implementing forms and instructions has been

approved by OMB under control number 1212-0036 (expires December 31, 2013). PBGC is requesting that OMB extend its approval for three years, with modifications. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

The modifications include a new requirement that plan administrators of plans terminating in a standard termination attach copies of the Notice of Intent to Terminate and sample Notices of Plan Benefits to the Standard Termination Notice (Form 500) filed with PBGC. PBGC is reorganizing the distress termination forms and instructions, including removing information items that PBGC no longer needs or can gather in other ways, adding a few information items that PBGC typically has been requesting as additional information under 29 CFR 4041.45(c), and moving some information items from one form to another. PBGC is also making clarifying, simplifying, editorial, and other changes to the current standard termination, distress termination, and missing participants forms and instructions.

PBGC estimates that 1,430 plan administrators will be subject to the collection of information requirements in PBGC's regulations on termination and missing participants and implementing forms and instructions each year, and that the total annual burden of complying with these requirements is 1,667 hours and \$2,761,200.

Issued in Washington, DC, this 16th day of December 2013.

Judith Starr,

General Counsel, Pension Benefit Guaranty Corporation.
