

Special Financial Assistance Application for UTWA NJ Union Employer Pension Plan

**SECTION E(4)**  
**(REVISED)**

This is to certify that the requested amount of SFA is the amount to which the Plan is entitled under Section 4262(j)(1) of ERISA and Section 4262.4 of PBGC's SFA regulation and to identify the methods and assumptions used in the calculation of the SFA amount and the source of the participant data.

---

Monica B. DeRyder, EA, ASA  
Enrolled Actuary #20-05499

Actuarial methods and assumptions used to determine the SFA amount were the same as those used in the pre-2021 certification of plan status (except for the interest rate, which was determined as required by Section 4262.4(e)(1) as shown in Template 4) and are provided in the attached 2019 actuarial valuation with the exception of the following:

CBU Assumption: The pre-2021 certification of plan status included an assumption of 2,000 hours per year per employee through the year of insolvency. For the SFA amount this assumption was extended through normal retirement of the two remaining active employees.

Administrative Expenses Assumption: The pre-2021 certification of plan status included an annual assumption of \$114,000 in administrative expenses through the year of insolvency. For the SFA amount this assumption was extended through the end of the SFA coverage period with an increase to reflect the PBGC premium increase under Section 4006(a)(3)(A) of ERISA that goes into effect in 2031 based on estimated participant counts at that time.

The Fund Trustees and Fund professionals believe that a reduction in administrative expenses would not occur until the participant count reaches at least 50% of current levels due to the fact that participant counts have been slowly decreasing yet administrative expenses have been increasing. We have estimated that levels would drop by 50% by 2043 at which time we have capped projected administrative expenses for each year to 20% (current percentage) of the projected benefit payments for such year through the end of the SFA coverage period. Current administrative expenses would be limited to \$85,000 using the 15% cap and this amount was not considered reasonable by the Fund Trustees to properly manage the Plan by the required Fund professionals. We believe the above is a reasonable expectation of future administrative expenses of the Plan.

Mortality Assumption: The pre-2021 certification of plan status was based on the 1983 Group Annuity Mortality Table. Since this assumption is outdated, for the revised SFA amount this assumption has been updated to the pri-2012 amount-weighted Blue Collar (pri-2012(BC)) table projected on a fully generational basis scale MP-2021 which reflects more recently published experience for blue collar workers.

Assumptions reflected in the liabilities determined in prior actuarial valuations and to determine the SFA amount but not explicitly disclosed:

1. Active employees and deferred vested participants are assumed to retire at age 65.
2. Participants are assumed to elect the life annuity payment form and, if married, the joint and 50% survivor annuity. 80% of participants are assumed to be married with males assumed to be three years older than females.
3. For missing data, the data is assumed to be the same as that exhibited by participants with similar known characteristics. If gender is missing, participant is assumed to be male.
4. Benefits not included in valuation – none.
5. Disability Retirement – eliminated effective January 1, 2011.

The participant census data used in determining the SFA amount is as of January 1, 2021 the same as used in the January 1, 2021 actuarial valuation.

D(3) - SFA Eligibility Criteria

The Plan was certified by the plan actuary to be in critical and declining status in the plan year beginning January 1, 2020, as indicated in the attached 2020 certification of plan status (2020Zone20200331 UTWA Pension Plan.pdf). The information required in Section B(5) of the instructions can be found in the attached 2019 actuarial valuation (2019AVR UTWA Pension Plan.pdf). The cash flow projection below is from the 2019 Schedule MB (Form 5500) attachments.

No future withdrawals are assumed.

D(5) - Narrative Description of Future Contributions and Future Withdrawal Liability Payments

Independence Plating is the only remaining contributing employer. As of January 1, 2021, there were two remaining active employees. They will reach normal retirement age during the SFA coverage period when it is assumed they will retire and begin receiving monthly benefit payments.

The Plan's rehabilitation plan is based upon exhaustion of all reasonable measures under Internal Revenue Code Section 432(e)(3)(A)(ii) and does not call for an increase in the contribution rate as such a large increase would be unreasonable. Therefore, it was assumed that Independence Plating will continue to contribute at a rate of \$0.46 per hour.

The two remaining active employees are assumed to work 2,000 hours per year until normal retirement age. Based on this, contributions of \$1,840 (= 2 employees x 2,000 hours/employee x \$0.46/hour) are expected each plan year until the two remaining active employees are assumed to retire.

General Plastics is the only former contributing employer paying withdrawal liability payments. General Plastics pays quarterly payments of \$1,930.75 with their final payment due 12/31/2038.

There are no assumed future withdrawal liability payments.

- D(6) (b) Actuarial assumptions used to determine the SFA amount were the same as those used in the pre-2021 certification of plan status (except for the interest rate, which is determined as required by Section 4262.4(e)(1) as shown in Template 4) with the exception of the following:

CBU Assumption: The pre-2021 certification of plan status included an assumption of 2,000 hours per year per employee through the year of insolvency. For the SFA amount this assumption was extended through normal retirement of the two remaining active employees.

Administrative Expenses Assumption: The pre-2021 certification of plan status included an annual assumption of \$114,000 in administrative expenses through the year of insolvency. For the SFA amount this assumption was extended through the end of the SFA coverage period with an increase to reflect the PBGC premium increase under Section 4006(a)(3)(A) of ERISA

that goes into effect in 2031 based on estimated participant counts at that time.

The Fund Trustees and Fund professionals believe that a reduction in administrative expenses would not occur until the participant count reaches at least 50% of current levels due to the fact that participant counts have been slowly decreasing yet administrative expenses have been increasing. We have estimated that levels would drop by 50% by 2043 at which time we have capped projected administrative expenses for each year to 20% (current percentage) of the projected benefit payments for such year through the end of the SFA coverage period. Current administrative expenses would be limited to \$85,000 using the 15% cap and this amount was not considered reasonable by the Fund Trustees to properly manage the Plan by the required Fund professionals. We believe the above is a reasonable expectation of future administrative expenses of the Plan.

Mortality Assumption: The pre-2021 certification of plan status was based on the 1983 Group Annuity Mortality Table. Since this assumption is outdated, for the revised SFA amount this assumption has been updated to the pri-2012 amount-weighted Blue Collar (pri-2012(BC)) table projected on a fully generational basis scale MP-2021 which reflects more recently published experience for blue collar workers.

We believe the proposed assumption changes are reasonable and in accordance with paragraph A “Adoption of assumptions not previously factored into pre-2021 certification of plan status” of Section III, Acceptable Assumption Changes of PBGC’s guidance on Special Financial Assistance Assumptions.

# Application Checklist

v20210708p

## Instructions for Section E, Item 1 of the Instructions for Filing Requirements for Multiemployer Plans Applying for Special Financial Assistance (SFA):

The Application for Approval of Special Financial Assistance Checklist ("Application Checklist" or "Checklist") identifies all information required to be filed with the application.

The information in this Application Checklist, and the Application Checklist itself, are uploaded in PBGC's e-Filing Portal by logging into the e-Filing Portal, going to the Multiemployer Events section and clicking on "Create New ME Filing," and then under "Select a Filing Type," selecting "Application for Financial Assistance – Special." Note, if you go to the e-Filing Portal and do not see the option "Application for Financial Assistance – Special," this means that the portal is currently closed and PBGC is not accepting applications at this time, unless the plan is eligible to make an emergency filing under § 4262.10(f). PBGC's website at [www.pbtc.gov](http://www.pbtc.gov) will be updated when the e-Filing Portal reopens for applications. PBGC maintains information on its website at [www.pbtc.gov](http://www.pbtc.gov) to inform prospective applicants about the current status of the e-Filing portal, as well as to provide advance notice of when PBGC expects to open or temporarily close the e-Filing Portal.

General instructions for completing the Application Checklist:

Complete all items that are shaded: 

If required information was already filed: (1) through PBGC's e-Filing Portal; or (2) through any means for an insolvent plan, a plan that has received a partition, or a plan that submitted an emergency filing, the filer may either upload the information with the application or include a statement in the Plan Comments section of the Application Checklist indicating the date on which and the submission with which the information was previously filed. For any such items previously provided, enter N/A as the **Plan Response**.

If a revised application is filed after a denial was received but the application was not withdrawn, the revised application must differ from the denied application only to the extent necessary to address the reasons provided by PBGC for the denial. For the revised application, the filer may, but is not required to, submit an entire application. A revised application for SFA must use the same SFA measurement date, participant census data, and interest rate assumption as were used in the plan's initial application. For all Application Checklist Items that were previously filed that are not being changed, the filer may include a statement in the Plan Comments section of the Application Checklist to indicate that the other information was previously provided as part of the initial application. For each, enter N/A as the **Plan Response**.

If a revised application is filed after an application was withdrawn, the revised application must use the same SFA measurement date, participant census data, and interest rate assumption from the initial application. Upload only the information that changed from the initial application. For all Application Checklist Items that were previously filed that are not being changed, include a statement in the Plan Comments section of the Application Checklist to indicate that the information was previously provided as part of the initial application. For each, enter N/A as the **Plan Response**.

Instructions for specific columns:

**Plan Response:** Provide a response to each item on the Application Checklist, using only the **Response Options** shown for each Checklist Item.

## Application Checklist

v20210708p

### Instructions for Section E, Item 1 of the Instructions for Filing Requirements for Multiemployer Plans Applying for Special Financial Assistance (SFA):

**Name(s) of Files Uploaded:** Identify the full name of the file or files uploaded that are responsive to the Checklist Item. The column **Upload as Document Type** provides guidance on the "document type" to select when submitting documents on PBGC's e-Filing Portal.

**Page Number Reference(s):** For any Checklist Item where only a portion of the submitted document is responsive, identify the page numbers in the identified document that are responsive.

**Plan Comments:** Use this column to provide explanations for any **Plan Response** that is N/A, to respond as may be specifically identified for Checklist Items, and to provide any optional explanatory comments.

Supplemental guidance is provided in the following columns:

**Upload as Document Type:** When uploading documents in PBGC's e-Filing Portal, select the appropriate Document Type for each document that is uploaded. This column provides guidance on the Document Type to select for each Checklist Item. You may upload more than one document using the same Document Type, and there may be Document Types on the e-Filing Portal for which you have no documents to upload.

**Requested File Naming (if applicable):** For certain Checklist Items, a specified format for naming the file is requested.

**SFA Regulation Reference:** Identifies the applicable section of PBGC's regulation.

**SFA Instructions Reference:** Identifies the applicable section and item number in PBGC's Instructions for Filing Requirements for Multiemployer Plans Applying for Special Financial Assistance.

You must select N/A if a Checklist Item # is not applicable to your application. **Your application will be considered incomplete if No is entered as a Plan Response for any of Checklist Items #1 through #47 on the Application Checklist.** If there has been a plan merger as described in § 4262.4(f)(1)(ii), you also must provide responses for Checklist Items #48 through #60 on the Application Checklist. If you are required to provide responses for Checklist Items #48 through #60, your application will be considered incomplete if No is entered as a Plan Response for any of Checklist Items #48 through #60 on the Application Checklist. All other plans should not provide responses for Items #48 through #60 of the Application Checklist.

If a Checklist Item # asks multiple questions or requests multiple items, the Plan Response should only be Yes if the plan is providing all information requested for that Checklist Item.

Note, a Yes or No response is required for the three initial questions concerning whether or not this application is a submission of a revised application, or whether the plan has been terminated.

### **Instructions for Section E, Item 1 of the Instructions for Filing Requirements for Multiemployer Plans Applying for Special Financial Assistance (SFA):**

Note, in the case of a plan applying for priority consideration, the plan's application must also be submitted to the Treasury Department. If that requirement applies to an application, PBGC will transmit the application to the Treasury Department on behalf of the plan. See IRS Notice [NOTICE] for further information.

**All information and documentation, unless covered by the Privacy Act, that is included in an SFA application may be posted on PBGC's website at [www.pbgc.gov](http://www.pbgc.gov) or otherwise publicly disclosed, without additional notification. Except to the extent required by the Privacy Act, PBGC provides no assurance of confidentiality in any information included in an SFA application.**

For supplemental submission due to a merger under § 4262.4(f)(1)(ii): *Template 4 Pension Plan Name Merged*, where "Pension Plan Name Merged" is an abbreviated version of the plan name for the separate plan involved in the merger.

For supplemental submission due to certain events with limitations under § 4262.4(f)(1)(i): *Template 4 Pension Plan Name Supp*, where "Pension Plan Name" is an abbreviated version of the plan name.

**Instructions for Section C, Item 4 of the Instructions for Filing Requirements for Multiemployer Plans Applying for Special Financial Assistance:**

Provide information used to determine the amount of requested SFA for the plan based on a deterministic projection and using the actuarial assumptions as described in § 4262.4 of PBGC's special financial assistance regulation. The information to be provided is:

***NOTE: All items below are provided on sheet '4-3 SFA Details' unless otherwise noted.***

- a. Interest rate used (the "SFA interest rate"), including supporting details on how it was determined. If such interest rate is the limit described in section 4262(e)(3) of ERISA, identify the month selected by the plan to determine the third segment rate used to calculate the limit. [*Sheet: 4-1 SFA Interest Rate*]
- b. Fair market value of assets on the last day of the calendar quarter immediately preceding the date the application is filed (the "SFA measurement date").
- c. For each plan year in the period beginning on the SFA measurement date and ending on the last day of the last plan year ending in 2051 (the "SFA coverage period"):
  - i. Separately identify the projected amount of contributions, projected withdrawal liability payments, and other payments expected to be made to the plan (excluding the amount of financial assistance under section 4261 of ERISA and SFA to be received by the plan).
  - ii. Separately identify benefit payments described in § 4262.4(b)(1) of PBGC's special assistance regulation (excluding the payments in (c)(iii) below) for current retirees and beneficiaries, terminated vested participants not currently receiving benefits, currently active participants and new entrants. [*Sheet: 4-2 SFA Ben Pmts*]
  - iii. Separately identify payments described in § 4262.4(b)(1) of PBGC's special financial assistance regulation attributable to the reinstatement of benefits under § 4262.15 that were previously suspended through the SFA measurement date. [Also see applicable examples in Section C, Item 4(c)(iii) of the SFA instructions.]
  - iv. Separately identify administrative expenses expected to be paid using plan assets, excluding the amount owed PBGC under section 4261 of ERISA.
- d. For each plan year in the SFA coverage period, the projected investment income based on the interest rate in (a) above, and the projected fair market value of plan assets at the end of each plan year.
- e. The present value (using the interest rate identified in (a) above) as of the SFA measurement date of each of the separately provided items in (c)(i)-(iv) above.
- f. SFA amount determined as a lump sum as of the SFA measurement date. As described in § 4262.4(a) of PBGC's special financial assistance regulation, this amount equals the excess (if any) of the SFA-eligible plan obligations (the present value of the items in (c)(ii) through (c)(iv)) over the SFA-eligible plan resources (item (b) plus the present value of the items in (c)(i)).

**Additional instructions for each individual worksheet:**

Sheet

**4-1 SFA Determination - SFA Interest Rate**

See instructions on 4-1 SFA Interest Rate.

**4-2 SFA Determination - SFA Benefit Payments**

On this sheet, you will provide:

- Basic plan information (plan name, EIN/PN, SFA measurement date, SFA interest rate),
- Year-by-year deterministic projection of benefit payments, and
- Present values as of the SFA measurement date, using the SFA interest rate.

For each plan year in the period beginning on the SFA measurement date and ending on the last day of the last plan year ending in 2051 (the "SFA coverage period"), separately identify benefit payments described in § 4262.4(b)(1) of PBGC's special assistance regulation for current retirees and beneficiaries, terminated vested participants not currently receiving benefits, currently active participants and new entrants. On this Sheet 4-2, show all benefit payments as positive amounts.

If the plan has suspended benefit payments under sections 305(e)(9) or 4245 of ERISA, the benefit payments in this Sheet 4-2 projection should reflect prospective reinstatement of benefits assuming such reinstatements commence as of the SFA measurement date. If the plan restored or partially restored benefits under 26 CFR 1.432(e)(9)-1(e)(3) before the SFA measurement date, the benefit payments in this Sheet 4-2 should reflect fully restored prospective benefits.

Benefit payments to be paid to participants to restore previously suspended benefits should not be included on this Sheet 4-2, and are separately shown on Sheet 4-3 in the Column (7). All reinstatement of benefits should be shown assuming such reinstatements are paid beginning as of the SFA measurement date (or on the SFA measurement date, for lump sum reinstatement of prior suspended benefits).

Provide the present value as of the SFA measurement date of each separate set of benefit payments, using the limited SFA interest rate from Sheet 4-1. On this sheet, show the present values as positive amounts.

Except for the first row in the projection exhibit below, each row must include the full plan year of the indicated information up to the plan year ending in 2051. This first row may be less than a full plan year of information. The first row in the projection period is for the period beginning on the SFA measurement date and ending on the last day of the plan year containing the SFA measurement date. For all other periods, provide the full plan year of information up to the plan year ending in 2051.

### 4-3 SFA Determination - SFA Details

On this sheet, you will provide:

--Basic plan information (plan name, EIN/PN, SFA measurement date, SFA interest rate),

--Year-by-year deterministic projection, and

--Present values as of the SFA measurement date, using the SFA interest rate.

For each plan year in the period beginning on the SFA measurement date and ending on the last day of the last plan year ending in 2051 (the "SFA coverage period"), provide each of the items requested in Columns (1) through (10). Show payments INTO the plan as positive amounts and payments OUT of the plan as negative amounts.

If the plan has suspended benefit payments under sections 305(e)(9) or 4245 of ERISA, Column (7) should show the benefit payments to be made to restore the past benefits that have been suspended. These amounts should be determined as if such reinstatements are paid beginning as of the SFA measurement date. If the plan sponsor elects to pay these amounts as a lump sum, then the lump sum amount is assumed paid as of the SFA measurement date. If the plan sponsor decides to make payments over 60 months, the first monthly payment is assumed paid on the first regular payment date on or after the SFA measurement date. See the examples in the SFA Instructions. If the reinstatement is paid over 60 months, each row in the projection should reflect the monthly payments for that period. The prospective reinstatement of suspended benefits is included in Column (6); Column (7) is only for reinstatement of past benefits that were suspended.

Provide the present values as of the SFA measurement date of each of the projections in Columns (3) through (8), using the limited SFA interest rate from Sheet 4-1. Show the present values as the same sign (positive or negative) as the projected amounts (e.g., benefit payments are negative on this Sheet 4-3, and the present value of benefit payments should also be negative).

Except for the first row in the projection exhibit, each row must include the full plan year of the indicated information up to the plan year ending in 2051. This first row may be less than a full plan year of information. The first row in the projection period is for the period beginning on the SFA measurement date and ending on the last day of the plan year containing the SFA measurement date. For all other periods, provide the full plan year of information up to the plan year ending in 2051.

## TEMPLATE 5

v20210723p

### Baseline

File name: *Template 5 Pension Plan Name*, where "Pension Plan Name" is an abbreviated version of the plan name.

#### Instructions for Section C, Item 5 of the Instructions for Filing Requirements for Multiemployer Plans Applying for Special Financial Assistance:

*This Template 5 is not required if all assumptions used (except the interest rate, Contribution Base Unit (CBU) assumption and administrative expenses assumption) to determine the requested SFA amount are identical to those used in the most recent actuarial certification of plan status completed before 1/1/2021 ("pre-2021 certification of plan status") and if the changed assumptions for CBUs and administrative expenses are consistent with Paragraph A "Adoption of assumptions not previously factored into pre-2021 certification of plan status" of Section III, Acceptable Assumption Changes of PBGC's guidance on Special Financial Assistance Assumptions.*

Provide a separate deterministic projection ("Baseline") in the same format as Template 4 (Sheets 4-2 and 4-3 only) that shows the amount of SFA that would be determined if all underlying assumptions used in the projection were the same as those used in the pre-2021 certification of plan status, excluding the plan's interest rate which should be the same as used in Template 4 (see sheet 4-1) and excluding the CBU assumption and administrative expenses assumption which should reflect the changed assumptions consistent with Paragraph A "Adoption of assumptions not previously factored into pre-2021 certification of plan status" of Section III, Acceptable Assumption Changes of PBGC's guidance on Special Financial Assistance Assumptions..

For purposes of this Template 5, any assumption change made in accordance with Section III, Acceptable Assumption Changes, of PBGC's guidance on Special Financial Assistance Assumptions should be reflected in this Baseline calculation of the SFA amount and supporting projection information. See examples in the SFA instructions for Section C, Item 5.

## TEMPLATE 6

### Reconciliation

File name: *Template 6 Pension Plan Name*, where "Pension Plan Name" is an abbreviated version of the plan name.

Instructions for Section C, Item 6 of the Instructions for Filing Requirements for Multiemployer Plans Applying for Special Financial Assistance:

*This Template 6 is not required if all assumptions used (except the interest rate, CBU assumption and administrative expenses assumption) to determine the requested SFA amount are identical to those used in the pre-2021 certification of plan status and if the changed assumptions for CBUs and administrative expenses are consistent with Paragraph A "Adoption of assumptions not previously factored into pre-2021 certification of plan status" of Section III, Acceptable Assumption Changes of PBGC's guidance on Special Financial Assistance Assumptions.*

*This Template 6 is also not required if the requested SFA amount from Template 4 is the same as the SFA amount shown in Template 5 (Baseline).*

If the assumptions used to determine the requested SFA amount differ from those in the "Baseline" projection in Template 5, then provide a reconciliation of the change in the total amount of requested SFA due to each change in assumption from the Baseline to the requested SFA as shown in Template 4.

For each assumption change from the Baseline through the requested SFA amount, provide a deterministic projection in the same format as Template 4.

Additional instructions for each individual worksheet:

Sheet

#### 6-1 Reconciliation

For Item 1, show the SFA amount shown in Template 5 using the "Baseline" assumptions and methods. If there is only one change in assumptions/methods between the Baseline (Template 5) and the requested SFA amount (Template 4), then show on Item 2 the requested SFA amount, and briefly identify the change in assumptions from the Baseline.

If there is more than one change in assumptions/methods from the Baseline, show each individual change as a separate item number. Each item number should reflect all changes already measured in the prior item number. For example, the difference between the SFA amount shown for Item 4 and Item 5 should be the incremental change due to changing the identified single assumption/method. The Item numbers should show assumption/method changes in the order that they were incrementally measured.

#### 6-2 Reconciliation Details

For Reconciliation Details sheets, see Template 4 instructions for Sheet 4-3, except provide the projections and present value information used to determine each Item number from the Reconciliation in Sheet 6-1.

A Reconciliation Details sheet is not needed for the last Item shown in the Reconciliation, since the information should be the same as shown in Template 4. For example, if there is only one assumption change from the Baseline, then Item 2 should identify what assumption changed between the Baseline and Item 2 where Item 2 is the requested SFA amount. Since details on the determination of the requested SFA amount are shown in Template 4, a separate Sheet 6-2 Reconciliation Details is not required here.

#### 6-3 Reconciliation Details

See instructions for 6-2 Reconciliation Details.

#### 6-4 Reconciliation Details

See instructions for 6-2 Reconciliation Details.

#### 6-5 Reconciliation Details

**TEMPLATE 6 - Sheet 6-1**

**Reconciliation - Summary**

For Item 1, show the SFA amount determined in Template 5 using the "Baseline" assumptions and methods. If there is only one change in assumptions/methods between the Baseline (Template 5) and the requested SFA amount (Template 4), then show on Item 2 the requested SFA amount, and briefly identify the change in assumptions from the Baseline.

If there is more than one change in assumptions/methods from the Baseline, show each individual change as a separate item number. Each item number should reflect all changes already measured in the prior item number. For example, the difference between the SFA amount shown for Item 4 and Item 5 should be the incremental change due to changing the identified single assumption/method. The Item numbers should show assumption/method changes in the order that they were incrementally measured.

## TEMPLATE 7

v20210706p

### 7a - Assumption Changes for SFA Eligibility

File name: *Template 7 Pension Plan Name*, where "Pension Plan Name" is an abbreviated version of the plan name.

#### Instructions for Section C, Item 7(a) of the Instructions for Filing Requirements for Multiemployer Plans Applying for Special Financial Assistance:

*Sheet 7a of Template 7 is not required if the plan is eligible for SFA under § 4262.3(a)(2) (MPRA suspensions) or § 4262.3(a)(4) (certain insolvent plans) of PBGC's special financial assistance regulation.*

*Sheet 7a of Template 7 is not required if the plan is eligible based on a certification of plan status completed before January 1, 2021.*

*Sheet 7a of Template 7 is not required if the plan is eligible based on a certification of plan status completed after December 31, 2020 but reflects the same assumptions as those in the pre-2021 certification of plan status.*

Provide a table identifying which assumptions used in determining the plan's eligibility for SFA differ from those used in the pre-2021 certification of plan status and brief explanations as to why using those assumptions is no longer reasonable and why the changed assumptions are reasonable.

This table should reflect all identified assumptions (including those that are included in the Baseline provided in Template 5) and should be an abbreviated version of information provided in Section D, Item 6(a) of the SFA filing instructions.

For example, if the mortality assumption used in the pre-2021 certification of plan status is the RP-2000 mortality table, and the plan proposes to change to the Pri-2012(BC) table, complete one line of the table as follows:

	(A)	(B)	(C)
Assumption That Has Changed From Assumption Used in Most Recent Certification of Plan Status Completed Prior to 1/1/2021	Brief description of assumption used in the most recent certification of plan status completed prior to 1/1/2021	Brief description of assumption used in showing the plan's eligibility for SFA (if different).	Brief explanation on why the assumption in (A) is no longer reasonable and why the assumption in (B) is reasonable.
Base Mortality Assumption	RP-2000 mortality table	Pri-2012(BC) mortality table	Prior assumption is outdated. New assumption reflects more recently published experience for blue collar workers.

Add one line for each assumption that has changed from the assumption used in the most recent certification of plan status completed prior to 1/1/2021.

Since this Template 7a is intended as an abbreviated version of more detailed information provided in Section D, Item 6(a) of the SFA filing instructions, it is not necessary to include full tables of rates at every age (e.g., for retirement, turnover, etc.). Instead, a high level description that focuses on what aspect of the assumption has changed is preferred.

## TEMPLATE 7

v20210706p

### 7b - Assumption Changes for SFA Amount

File name: *Template 7 Pension Plan Name*, where "Pension Plan Name" is an abbreviated version of the plan name.

#### Instructions for Section C, Item 7(b) of the Instructions for Filing Requirements for Multiemployer Plans Applying for Special Financial Assistance:

Provide a table identifying which assumption differ from those used in the pre-2021 certification of plan status (except the interest rate used in calculating the amount of SFA) and brief explanations as to why using those original assumptions is no longer reasonable and why the changed assumptions are reasonable.

Please state if the changed assumption is an extension of the CBU assumption or the administrative expenses assumption as described in Paragraph A "Adoption of assumptions not previously factored into pre-2021 certification of plan status" of Section III, Acceptable Assumption Changes of PBGC's guidance on Special Financial Assistance Assumptions.

This table should identify all changed assumptions except for the interest rate (reflecting those that are included in the Baseline provided in Template 5) and should be an abbreviated version of information provided in Section D, Item 6(b) of the SFA filing instructions.

For example, if the mortality assumption used in the pre-2021 certification of plan status is the RP-2000 mortality table, and the plan proposes to change to the Pri-2012(BC) table, complete one line of the table as follows:

	(A)	(B)	(C)
Assumption That Has Changed From Assumption Used in Most Recent Certification of Plan Status Completed Prior to 1/1/2021	Brief description of assumption used in the most recent certification of plan status completed prior to 1/1/2021	Brief description of assumption used to determine the requested SFA amount (if different)	Brief explanation on why the assumption in (A) is no longer reasonable and why the assumption in (B) is reasonable.
Base Mortality Assumption	RP-2000 mortality table	Pri-2012(BC) mortality table	Original assumption is outdated. New assumption reflects more recently published experience for blue collar workers.

For example, assume the plan is projected to be insolvent in 2029 in the pre-2021 certification of plan status. The plan changes its CBU assumption by extending the assumption to the later projection years as described in Paragraph A, "Adoption of assumptions not previously factored into pre-2021 certification of plan status" of Section III, Acceptable Assumption Changes of PBGC's guidance on Special Financial Assistance Assumptions. Complete one line of the table as follows:

	(A)	(B)	(C)
Assumption That Has Changed From Assumption Used in Most Recent Certification of Plan Status Completed Prior to 1/1/2021	Brief description of assumption used in the most recent certification of plan status completed prior to 1/1/2021	Brief description of assumption used to determine the requested SFA amount (if different)	Brief explanation on why the assumption in (A) is no longer reasonable and why the assumption in (B) is reasonable.
CBU Assumption	Decrease from most recent plan year's actual number of CBUs by 2% per year to 2028	Same number of CBUs for each projection year to 2028 as shown in (A), then constant CBUs for all years after 2028.	Original assumption does not address years after original projected insolvency in 2029. Proposed assumption uses acceptable extension methodology.

Add one line for each assumption that has changed from the assumption used in the most recent certification of plan status completed prior to 1/1/2021.

Since this Template 7b is intended as an abbreviated version of more detailed information provided in Section D, Item 6(b) of the SFA filing instructions, it is not necessary to include full tables of rates at every age (e.g., for retirement, turnover, etc.). Instead, a high level description that focuses on what aspect of the assumption has changed is preferred.

CBU Assumption	Assumption of 2,000 hours per year per employee through year of insolvency.	For the SFA amount this assumption was extended past year of insolvency.	Original assumption does not address years after original projected insolvency. Proposed assumption uses acceptable extension methodology.
Administrative Expenses Assumption	Annual assumption of \$114,000 in administrative expenses through year of insolvency.	For the SFA amount this assumption was extended past year of insolvency with an increase to reflect the PBGC premium increase.	Original assumption does not address years after original projected insolvency. Proposed assumption uses acceptable extension methodology.
Mortality Assumption	1983 Group Annuity Mortality Table	Pri-2012(BC) Mortality Table	Original assumption is outdated. New assumption reflects more recently published experience for blue collar workers.
