A. Plan Identifying Information

Name of the Plan Retirement Plan of Bricklayers Local No. 1 of Richmond Pension Fund

Employer Identification Number 54-6060633

Three-digit Plan Number 001

Notice filer name Michael Shockley

Role of filer Plan administrator

Total amount requested \$12,662,094.00

B. Plan Documents

(1) Plan Documentation

a. Plan document and amendments

See attached documents labeled:

- Most recent plan document, file labeled: Richmond Brick Plan Document.pdf
- All amendments since last restatement, file labeled: Richmond Brick First Amendment.pdf
- b. Trust Agreement and amendments

See attached documents labeled:

- Most recent trust agreement, file labeled: Richmond Brick Trust Agreement.pdf
- All amendments adopted since the last restatement, files labeled: Richmond Brick 1st
 Trust Amendment.pdf, Richmond Brick 2nd Trust Amendment.pdf
- c. Amendment required by §4262.6(e)(1) of PBGC's SFA regulation

See attached document labeled: Richmond Brick - Compliance Amendment.pdf

d. Proposed plan amendment required by §4262.6(e)(2) of PBGC's SFA Regulation

See attached document labeled: Richmond Brick – Unexecuted Amendment.pdf

e. Statement Plan was partitioned

The Plan was not partitioned under section 4233 of ERISA, therefore this is not required.

f. Most recent IRS determination letter

See attached document labeled: Richmond Bricklayers – Determination Lttr.pdf

(2) Actuarial Valuation Reports

See attached document labeled:

- 2018AVR Richmond Brick.pdf
- 2019AVR Richmond Brick (2).xls

No actuarial valuation reports were prepared after 2018 because the Plan became insolvent in the 2019/2020 Plan Year. Following our telephone discussion with Ms. Erika Bode and PBGC professionals on April 29, 2022, and June 27, 2022, we are attaching Excel worksheets with actuarial valuation results for 2019 but for which no actuarial valuation report was prepared.

(3) Rehabilitation Plan

The Rehabilitation Plan is attached, document labeled: Richmond Brick - Rehab Plan.pdf

(4) Form 5500

See attached document labeled: 2020Form5500 Richmond Brick Pension Fund.pdf

(5) Zone Certifications

See attached documents labeled:

- 2018Zone20180925 Richmond Brick (2).pdf
- 2019Zone20190927 Richmond Brick (2).pdf
- 2020Zone20200924 Richmond Brick (2).pdf
- 2021Zone20210927 Richmond Brick (2).pdf

Assumptions were disclosed in the 2017 and 2018 valuation reports for the 2018 and 2019 certifications, respectively. No valuation reports were required after 2018, but the 2020 certification was based on the same actuarial assumptions in 2019 which were unchanged from those in the 2018 valuation report. Assumptions for the 2021 certification were attached as part of the certification.

(6) Account Statements

The most recent statement for the plan's bank account is attached as the following: **Richmond Brick**- **March Bank Statement.pdf**

(7) Plan's Financial Statements

See attached document labeled: Richmond Brick - Financial Statement as of 6.30.21.pdf

(8) Withdrawal Liability Documentation

See section 10.03 of the Plan Document

(9) Bank Information for Payment

See attached document labeled: Richmond Brick – ACH Info.pdf

C. Plan Data

(1) Form 5500 projection

The Plan is not required to respond Yes to line 8b(1) on the Form 5500 Schedule MB, therefore this is not required.

(2) Contributing Employers

The Plan has less than 10,000 participants, therefore this is not required.

(3) Historical Plan Information

See attached file labeled: Template 3 Richmond Brick (2).xlsx

(4) SFA Determination

See attached file labeled: Template 4a Richmond Brick (2).xlsx

(5) Baseline Details

See attached file labeled: Template 5a Richmond Brick (2).xlsx

(6) Reconciliation Details

See attached file labeled: Template 6a Richmond Brick (2).xlsx

(7) Assumption Details

a. Assumptions for SFA Eligibility

The Plan is eligible under §4262.3(a)(4) and therefore under PBGC instructions, this is not required.

b. Assumptions for SFA Amount

See attached file labeled: Template 7 Richmond Brick (2).xlsx

(8) Contribution and Withdrawal Liability Detail

See attached file labeled: Template 8 Richmond Brick (2).xlsx

(9) Participant Data

The Plan has less than 350,000 participants, therefore this is not required.

REQUIRED TRUSTEE SIGNATURE BRICKLAYERS UNION LOCAL NO. 1 PENSION FUND OF VIRGINIA APPLICATION FOR SPECIAL FINANCIAL ASSISTANCE

Pursuant to the Pension Benefit Guarantee Corporation's Interim Final Rule, 29 C.F.R. Parts 4000 and 4262, issued under Sections 4000 and 4262 of the Employee Retirement Income Security Act of 1974, as amended ("ERISA") and published in the Federal Register on July 21, 2021 (the "Regulations"), the Board of Trustees of the **Bricklayers Union Local No. 1 Pension Fund of Virginia** (the "Plan") submits the enclosed Application and accompanying Exhibits to the Pension Benefit Guarantee Corporation ("PBGC") for approval of Special Financial Assistance ("SFA") made available by the American Rescue Plan Act of 2021.

Article V, Section 10 of the Restated Agreement and Declaration of Trust of the Bricklayers Local Union No. 1 Pension Fund of Virginia, as amended, authorizes the Fund's Chairman and Co-Chairman to sign documents on behalf of the Board of Trustees.

Glenn Kelly

Chairman of the Board of Trustees

Scott Pritchett

Co-Chairman of the Board of Trustees

D. Plan Statements

(1) SFA request cover letter

This is optional and therefore not attached.

(2) Plan Sponsor Information

Board of Trustees of Bricklayers Union Local No. 1 Pension Fund of Virginia Lawrence C. Musgrove Associates, Inc. 1299 S. Colorado St.

Salem, VA 24153

Phone: (540) 345-7735

Plan Sponsor's Authorized Representative

Enrolled Actuary

Sing Lee 655 Third Avenue, Suite 1200 New York, NY 10017 Phone: (212) 308-4200 x 2408

slee@savastaandco.com

(3) Eligibility

Bricklayers Union Local No. 1 Pension Fund of Virginia ("Fund") meets the eligibility requirements under §4262(b)(1)(D) of ERISA and §4262.3(a)(4) of PBGC's SFA regulation as the Fund became insolvent after December 16, 2014, has remained insolvent and has not terminated under section 4041A of ERISA as of March 11, 2021.

(4) Priority Group Information

Pursuant to §4262.10(d)(2) of PBGC's SFA regulation, the Fund is in Priority Group 1.

(5) Assumed Future Contributions and Withdrawal Liability Payments

See attached document labeled: Richmond Brick – Certification of Enrolled Actuary (2).pdf

(6) Assumption Changes

a. Eligibility Assumptions

The Plan is not eligible under section §4262.3(a)(1) or §4262.3(a)(3) of PBGC's SFA regulation, therefore as per PBGC instructions this is not required.

b. SFA Assumptions

The changes in assumptions and the rationale for such changes are detailed in the attached document labeled: *Richmond Brick – Certification of Enrolled Actuary (2).pdf*

(7) Reinstatement of Benefits for Plans with Suspension of Benefits

Benefits that were reduced effective October 1, 2019, to PBGC's guaranteed amounts will be reinstated. The reinstated benefits will be paid in a lump-sum without interest as of the SFA measurement date, 4/1/2022.

(8) Reconciliation of Assets as of SFA Measurement Date

See the attached document labeled: Richmond Brick – Asset Reconciliation.xlsx

E. Checklist and Certifications

(1) SFA Application Checklist

See attached document labeled: Richmond Brick Checklist (2).xlsx

(2) Certification if Plan is eligible under section §4262(b)(1)(C) of ERISA

The Plan is not eligible under section §4262(b)(1)(C) of ERISA, therefore this is not required.

(3) Certification of Priority Status

The Plan is insolvent, therefore this is not required.

(4) Certification by Plan's Enrolled Actuary Certifying SFA Amount

See attached document labeled: Richmond Brick – Certification of Enrolled Actuary (2).pdf

(5) Certification of Plan Sponsor to the Accuracy of the Fair Market of Plan Assets

See attached document labeled: Richmond Brick - Certification of Plan Sponsor.pdf

(6) Certification the proposed plan amendment provided under Section B, Item 1d will be timely adopted

As required by 29 C.F.R. § 4262.7(e)(2) for the application for special financial assistance for the **Bricklayers Union Local No. 1 Pension Fund of Virginia** (the "Application" for the "Plan"), we, the members of the Board of Trustees of the Plan hereby certify that the proposed amendment to the Plan of Benefits of the Bricklayers Union Local No. 1 Pension Fund of Virginia, as amended and restated as of May 1, 2014, to reinstate benefits under the Plan that have been suspended under section 424S(a) of ERISA due to plan insolvency, which proposed amendment is submitted herewith as part of the Application, will be timely adopted upon approval by the Pension Benefit Guaranty Corporation of the Application.

Article V, Section 10 of the Restated Agreement and Declaration of Trust of the Bricklayers Local Union No. 1 Pension Fund of Virginia, as amended, authorizes the Fund's Chairman and Co-Chairman to sign documents on behalf of the Board of Trustees.

Glenn Kelly

Chairman of the Board of Trustees

Scott Pritchett

Co-Chairman of the Board of Trustees

Date: April 20, 2022

(7) Penalty of Periury Stateme	t Pursuant to PBGC Regulation §4262.6(b)
--------------------------------	--

See attached document labeled: Richmond Brick – Penalties of Perjury

SAVASTA AND COMPANY, INC.

CONSULTANTS ACTUARIES ADMINISTRATORS 655 THIRD AVENUE 12TH FLOOR

NEW YORK, NEW YORK 10017

TELEPHONE (212) 308-4200

Enrolled Actuary's Certification

TELECOPIER (212) 308-4545

This is to certify that the requested amount of SFA for the **Bricklayers Union Local No. 1 Pension Fund of Virginia** is the amount to which the plan is entitled under ERISA section 4262(j)(1) and PBGC SFA Regulation § 4262.4.

The assumptions used for the 2020 zone certification and to determine the requested amount of SFA are summarized below.

1. Mortality

2020 zone certification - RP-2000 Employees and Healthy Annuitant Mortality; no provision was made for future mortality improvement

SFA calculations: Pri-2012 amount-weighted Blue Collar with 2020 projection scale

Reason for change - Original assumption is outdated. New assumption reflects more recently published experience for blue collar workers.

2. Interest Rate

2020 zone certification – 7.5%

SFA calculations – 5.28% as non-SFA interest rate and 2.93% as SFA interest rate

Reason for change – As per ERISA section 4262(e)(3), March 2022 third segment rate of 3.28% plus 200 basis points was chosen, and per PBGC Regulations 4262.4(e)(1) and 4262.4(e)(2).

3. Administrative Expenses

2020 zone certification - Future annual expenses were assumed to equal the most recent plan year's expenses.

SFA calculations - PBGC Premium Expense: As published by PBGC, \$31 (2021), \$32 (2022), \$35 (2023) and \$1 per participant per year increase through 2030, a jump to \$52 in 2031, and \$1 increase thereafter. No increase for other expenses. Total projected administrative expenses for each future year were capped at 15% of projected annual benefit payments each year.

Reason for change – The original assumption was unreasonable for SFA calculation purposes. The new assumption reflects the projected PBGC premium rates.

4. Withdrawal Liability

2020 zone certification – There is no withdrawal liability payment.

SFA calculations - There is no withdrawal liability payment.

No change was made.

5. Contribution Base Units (CBUs) /Employer Contributions

2020 zone certification – Based on actual contributions as stated in the Auditor's financial statements and staying constant, with projected active population also staying constant (at count of 22) and constant CBUs which are work-hours.

SFA calculations - Active population is projected to decrease by 10% by each year. Future contributions are calculated as A x B.

A = constant projected work-hours of actives and new entrants.

B = contribution rate. Similar to expenses excluding PBGC premiums, there is no increase for future contribution rates.

Attached is a 10-year history of the Plan's CBUs, Exhibit I.

6. Termination

2020 zone certification - Sarason T-11 Table

SFA calculations - Sarason T-11 Table

No change was made.

Disabled Life Mortality

2020 zone certification – Male and female base mortality tables in accordance with Revenue Ruling 96-7; no provision was made for future mortality improvement

SFA calculations – Male and female base mortality tables in accordance with Revenue Ruling 96-7; no provision was made for future mortality improvement

No change was made.

8. Disability rates

2020 zone certification – 1985 Pension Disability Table Class I Rates; no provision was made for future mortality improvement.

SFA Calculations – 1985 Pension Disability Table Class I Rates; no provision was made for future mortality improvement.

No change was made.

9. Retirement

2020 zone certification – Age 65 with 5 years of participation.

SFA calculations – Age 65 with 5 years of participation.

No change was made.

10. Terminated Vested Participants

2020 zone certification – All terminated vesteds were included in the valuation. No actuarial increase was given for those over age 65.

SFA calculations – Same as in 2020 zone certification: all were included but with no actuarial increase. A chart of such participants by age (with monthly benefits) is attached, **Exhibit II**.

No change was made.

11. Married percent and spouse age difference

2020 zone certification – The percent married assumption was 100% for males and females. Male spouses were assumed to be 3 years older than female participants. Female spouses were assumed to be 3 years younger than male participants.

SFA calculations - The percent married assumption was 100% for males and females. Male spouses were assumed to be 3 years older than female participants. Female spouses were assumed to be 3 years younger than male participants.

No change was made.

12. Assumed form of payment

2020 zone certification – 100% of active and terminated vested participants assumed to elect the Straight Life Annuity form of payment.

SFA calculations – 50% of active and terminated vested participants assumed to elect the Straight Life Annuity form of payment, and the balance of 50% elect Joint and 50% Survivor Annuity.

Reason for change - New assumption reflects more reasonable anticipation of participants' election choice even though the married assumption is 100% (item 11 above).

13. New entrants

2020 zone certification – The active participant count was assumed to be remain level based on census data as of July 1, 2019.

SFA calculations – For purposes of determining participant counts, the active participant count was assumed to decrease 10% each year from 22 as of July 1, 2021.

Reason for change – The 10% decrease in active population is the best estimate for this declining industry. Attached is a profile of new entrants based on the 5 plan years preceding the measurement date, **Exhibit III**.

14. <u>Participant Data</u>

The participant data used for this SFA application was the participant data as of July 1, 2021 and was obtained from the Plan's fund office.

I am a member of the American Academy of Actuaries and I meet the Qualification Standards of the American Academy of Actuaries to render the actuarial opinion contained herein.

To the best of my knowledge, the information supplied in this SFA application is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion each other assumption is reasonable (taking into account the experience of the Plan and reasonable expectations), and such other assumptions, in combination, offer my best estimate of anticipated experience under the Plan.

Sincerely,

Sing Lee, EA, ASA, FCA, MAAA

Administrative Fee Estimates

We have revised the Administrative Fee estimates to update several categories. First, the Plan Administrator's fees have been revised based on the new contracted rates. Second, we added in an estimate for Investment Manager fees. Lastly, we revised the Audit and Accounting fees based on the revised contractual amounts. Below is a breakdown by category on our estimates.

Estimated Bricklayers Richmond Admin Fees

Actuarial and Consulting	\$ 31,000
Administrative	36,000
Audit and Accounting	12,000
Bank Charges	6,000
Insurance	7,000
Legal	4,000
Office Supplies and Expenses	4,000
Trustee Meetings	1,000
Investment Manager	20,000
Total	\$ 121,000

TEMPLATE 3 Historical Plan Information

File name: Template 3 Pension Plan Name, where "Pension Plan Name" is an abbreviated version of the plan name.

For supplemental submission due to merger under § 4262.4(f)(1)(ii): *Template 3 Pension Plan Name Merged*, where "Pension Plan Name Merged" is an abbreviated version of the plan name for the separate plan involved in the merger.

v20210706p

Provide historical plan information for each of the most recent 10 plan years immediately preceding the application filing date that separately identifies: total contributions, total contribution base units (including identification of the base unit used (i.e., hourly, weekly)), average contribution rates, and number of active participants at the beginning of each plan year. Also show separately for each of the most recent 10 plan years immediately preceding the application filing date all other sources of non-investment income, including, if applicable, withdrawal liability payments collected, reciprocity contributions (if applicable), additional contributions from the rehabilitation plan (if any), and other identifiable contribution streams.

If the sum of all contributions and withdrawal liabilities shown on this table does not equal the amount shown as contributions credited to the funding standard account on the plan year Schedule MB of Form 5500, include an explanation as a footnote to this table.

^{*} Total contributions shown here should be contributions based upon CBUs and should not include items separately shown in any columns under "All Other Sources of Non-Investment Income."

TEMPLATE 4A v20220802p

SFA Determination - under the "basic method" for all plans, and under the "increasing assets method" for MPRA plans

File name: Template 4A Plan Name, where "Plan Name" is an abbreviated version of the plan name.

If submitting additional information due to a merger under § 4262.4(f)(1)(ii): *Template 4A Plan Name Merged*, where "Plan Name Merged" is an abbreviated version of the plan name for the separate plan involved in the merger.

If submitting additional information due to certain events with limitations under § 4262.4(f)(1)(i): *Template 4A Plan Name Add*, where "Plan Name" is an abbreviated version of the plan name.

If submitting a supplemented application under § 4262.4(g)(6): Template 4A Supp Plan Name, where "Plan Name" is an abbreviated version of the plan name.

Instructions for Section C, Item (4) of the Instructions for Filing Requirements for Multiemployer Plans Applying for Special Financial Assistance:

IFR filers submitting a supplemented application should see Addendum C for more information.

MPRA plans using the "increasing assets method" should see Addendum D for more information.

For all plans, provide information used to determine the amount of SFA under the "basic method" described in § 4262.4(a)(1).

For MPRA plans, also provide information used to determine the amount of SFA under the "increasing assets method" described in § 4262.4(a)(2)(i).

The information to be provided is:

NOTE: All items below are provided on Sheet '4A-4 SFA Details .4(a)(1)' unless otherwise indicated.

- a. The amount of SFA calculated using the "basic method", determined as a lump sum as of the SFA measurement date.
- b. Non-SFA interest rate required under § 4262.4(e)(1) of PBGC's SFA regulation, including supporting details on how it was determined. [Sheet: 4A-1 Interest Rates]
- c. SFA interest rate required under § 4262.4(e)(2) of PBGC's SFA regulation, including supporting details on how it was determined. [Sheet: 4A-1 Interest Rates]
- d. Fair market value of assets as of the SFA measurement date. This amount should include any assets at the SFA measurement date attributable to financial assistance received by the plan under section 4261 of ERISA, but should not reflect a payable for amounts owed to PBGC for all amounts of such financial assistance received by the plan.

- e. For each plan year in the period beginning on the SFA measurement date and ending on the last day of the last plan year ending in 2051 (the "SFA coverage period"):
 - i. Separately identify the projected amount of contributions, projected withdrawal liability payments reflecting a reasonable allowance for amounts considered uncollectible, and other payments expected to be made to the plan (excluding the amount of financial assistance under section 4261 of ERISA and SFA to be received by the plan).
 - ii. Identify the benefit payments described in § 4262.4(b)(1) (including any benefits that were restored under 26 CFR 1.432(e)(9)-(1)(e)(3) and excluding the payments in e.iii. below), separately for current retirees and beneficiaries, current terminated vested participants not yet in pay status, current active participants, and new entrants.

[Sheet: 4A-2 SFA Ben Pmts]

Identify total benefit payments paid and expected to be paid from projected SFA assets separately from total benefit payments paid and expected to be paid from non-SFA assets after the projected SFA assets are fully exhausted.

- iii. Separately identify the make-up payments described in § 4262.4(b)(1) attributable to the reinstatement of benefits under § 4262.15 that were previously suspended through the SFA measurement date.

 [Also see applicable examples in Section C, Item (4)e.iii. of the SFA instructions.]
- iv. Separately identify administrative expenses paid and expected to be paid (excluding the amount owed PBGC under section 4261 of ERISA) for premiums to PBGC and for all other administrative expenses.

[Sheet: 4A-3 SFA Pcount and Admin Exp]

Identify total administrative expenses paid and expected to be paid from projected SFA assets separately from total administrative expenses paid and expected to be paid from non-SFA assets after the projected SFA assets are fully exhausted.

- v. Provide the projected total participant count at the beginning of each year. [Sheet: 4A-3 SFA Pcount and Admin Exp]
- vi. Provide the projected investment income earned by assets not attributable to SFA based on the non-SFA interest rate in b. above and the projected fair market value of non-SFA assets at the end of each plan year.
- vii. Provide the projected investment income earned by assets attributable to SFA based on the SFA interest rate in c. above (excluding investment returns for the plan year in which the sum of annual projected benefit payments and administrative expenses for the year exceeds the beginning-of-year projected SFA assets) and the projected fair market value of SFA assets at the end of each plan year.
- f. The projected SFA exhaustion year. This is the first day of the plan year in which the sum of annual projected benefit payments and administrative expenses for the year exceeds the beginning-of-year projected SFA assets. Note this date is only required for the calculation method under which the requested amount of SFA is determined.

Additional instructions for each individual worksheet:

Sheet

4A-1 SFA Determination - non-SFA Interest Rate and SFA Interest Rate

See instructions on 4A-1 Interest Rates.

4A-2 SFA Determination - Benefit Payments for the "basic method" for all plans, and for the "increasing assets method" for MRPA plans

This sheet is not required for an IFR filer submitting a supplemented application under \S 4262.4(g)(6) if the total projected benefit payments are the same as those used in the application approved under the interim final rule.

On this sheet, you will provide:

- --Basic plan information (plan name, EIN/PN, SFA measurement date), and
- --Year-by-year deterministic projection of benefit payments.

For each plan year in the period beginning on the SFA measurement date and ending on the last day of the last plan year ending in 2051 (the "SFA coverage period"), identify benefit payments described in § 4262.4(b)(1) for current retirees and beneficiaries, current terminated vested participants not yet in pay status, currently active participants, and new entrants. On this Sheet 4A-2, show all benefit payments as positive amounts.

If the plan has suspended benefit payments under sections 305(e)(9) or 4245(a) of ERISA, the benefit payments in this Sheet 4A-2 projection should reflect prospective reinstatement of benefits assuming such reinstatements commence as of the SFA measurement date. If the plan restored or partially restored benefits under 26 CFR 1.432(e)(9)-1(e)(3) before the SFA measurement date, the benefit payments in this Sheet 4A-2 should reflect fully restored prospective benefits.

Make-up payments to be paid to restore <u>previously</u> suspended benefits should <u>not</u> be included in this Sheet 4A-2, and are separately shown in Sheet 4A-4.

Except for the first row in the projection exhibit, each row must include the full plan year of the indicated information up to the plan year ending in 2051. The first row in the projection period is for the period beginning on the SFA measurement date and ending on the last day of the plan year containing the SFA measurement date, so the first row may contain less than a full plan year of information. For all other periods, provide the full plan year of information up to the plan year ending

4A-3 SFA Determination - Participant Count and Administrative Expenses for the "basic method" for all plans, and for the "increasing assets method" for MPRA plans

This sheet is not required for an IFR filer submitting a supplemented application under § 4262.4(g)(6).

On this sheet, you will provide:

- --Basic plan information (plan name, EIN/PN, SFA measurement date), and
- --Year-by-year deterministic projection of participant count and administrative expenses.

For each plan year in the period beginning on the SFA measurement date and ending on the last day of the last plan year ending in 2051 (the "SFA coverage period"), identify the projected total participant count at the beginning of each year, as well as administrative expenses, separately for premiums to PBGC and for all other administrative expenses. On this Sheet 4A-3, show all administrative expenses as positive amounts.

Any amounts owed to PBGC for financial assistance under section 4261 of ERISA should not be included in this Sheet 4A-3.

Except for the first row in the projection exhibit, each row must include the full plan year of the indicated information up to the plan year ending in 2051. The first row in the projection period is for the period beginning on the SFA measurement date and ending on the last day of the plan year containing the SFA measurement date, so the first row may contain less than a full plan year of information. For all other periods, provide the full plan year of information up to the plan year ending

4A-4 SFA Determination - Details for the "basic method" under § 4262.4(a)(1) for all plans

On this sheet, you will provide:

- --Basic plan information (plan name, EIN/PN, SFA measurement date, non-SFA interest rate, SFA interest rate),
- --MPRA plan status and, if applicable, certain MPRA information,
- --Fair Market Value of Assets as of the SFA measurement date,
- --SFA Amount as of the SFA measurement date calculated under the "basic method",
- --Projected SFA exhaustion year (only if the requested amount of SFA is determined under the "basic method"), and
- --Year-by-year deterministic projection.

For each plan year in the period beginning on the SFA measurement date and ending on the last day of the last plan year ending in 2051 (the "SFA coverage period"), provide each of the items requested in Columns (1) through (12). Show payments INTO the plan as positive amounts and payments OUT of the plan as negative amounts.

If the plan has suspended benefit payments under sections 305(e)(9) or 4245(a) of ERISA, Column (5) should show the make-up payments to be paid to restore the <u>previously</u> suspended benefits. These amounts should be determined as if such make-up payments are paid beginning as of the SFA measurement date. If the plan sponsor elects to pay these amounts as a lump sum, then the lump sum amount is assumed paid as of the SFA measurement date. If the plan sponsor elects to pay equal installments over 60 months, the first monthly payment is assumed paid on the first regular payment date on or after the SFA measurement date. See the examples in the SFA Instructions. If the make-up payments are paid over 60 months, each row in the projection should reflect the monthly payments for that period. The prospective reinstatement of suspended benefits is included in Column (4); Column (5) is only for make-up payments for past benefits that were suspended.

Except for the first row in the projection exhibit, each row must include the full plan year of the indicated information up to the plan year ending in 2051. The first row in the projection period is for the period beginning on the SFA measurement date and ending on the last day of the plan year containing the SFA measurement date, so the first row may contain less than a full plan year of information. For all other periods, provide the full plan year of information up to the plan year ending

4A-5 SFA Determination - Details for the "increasing assets method" under § 4262.4(a)(2)(i) for MPRA plans

This sheet is to only be used by MPRA plans. For such plans, this sheet should be completed in addition to Sheet 4A-4.

On this sheet, you will provide:

- --Basic plan information (plan name, EIN/PN, SFA measurement date, non-SFA interest rate, SFA interest rate),
- --MPRA plan status, and if applicable, certain MPRA information,
- --Fair Market Value of Assets as of the SFA measurement date,
- --SFA Amount as of the SFA measurement date calculated under the "increasing assets method",
- --Projected SFA exhaustion year (only if the requested amount of SFA is determined under the "increasing assets method"), and
- --Year-by-year deterministic projection.

This sheet is identical to Sheet 4A-4, and the information in Columns (1) through (6) should be the same as that used in the "basic method" calculation in Sheet 4A-4. The SFA Amount as of the SFA Measurement Date will differ from that calculated in Sheet 4A-4, as it will be calculated in accordance with § 4262.4(a)(2)(i) as the lowest whole dollar amount (not less than \$0) for which, as of the last day of each plan year during the SFA coverage period, projected SFA assets and projected non-SFA assets are both greater than or equal to zero, and, as of the last day of the SFA coverage period, the sum of projected SFA assets and projected non-SFA assets is greater than the amount of such sum as of the last day of the immediately preceding plan year.

TEMPLATE 4A - Sheet 4A-1

SFA Determination - non-SFA Interest Rate and SFA Interest Rate

Provide the non-SFA interest rate and SFA interest rate used, including supporting details on how they were determined.

LAN INFORMATIO	N
----------------	---

Abbreviated Plan Name:	Bricklayers Local 1	
EIN:	54-6060633	
PN:	001	
Initial Application Date:	06/30/2022	
SFA Measurement Date:	03/31/2022	For a plan other than a plan described in § 4262.4(g) (i.e., for a plan that has <u>not</u> filed an initial application under PBGC's interim final rule), the of the third calendar month immediately preceding the plan's initial application date. For a plan described in § 4262.4(g) (i.e., for a plan that filed an initial application prior to publication of the final rule), the last day of the calend quarter immediately preceding the plan's initial application date.
Last day of first plan year ending after the measurement date:	06/30/2022	

Non-SFA Interest Rate Used:	5.28%	Rate used in projection of non-SFA assets.
SFA Interest Rate Used:	2.93%	Rate used in projection of SFA assets.

Development of non-SFA interest rate and SFA interest rate:

Plan Interest Rate:	7.50%	Interest rate used for the funding standard account projections in the plan's most recently completed certification of plan status before 1/1/2021.
---------------------	-------	---

Corresponding ERISA Section 303(h)(2)(C)(i), (ii), and (iii) rates disregarding modifications made under clause (iv) of such section.

(i) (ii) (iii) (iii)

	Month Year	(i)	(ii)	(iii)	
Month in which plan's initial application is filed, and corresponding segment rates (leave (i), (ii), and (iii) blank if the IRS Notice for this month has not yet been issued):	June 2022	1.02%	2.80%	3.38%	24-month average segment rates without regard to interest rate stabilization rules. These rates are issued by IRS each month. For example, the
I month preceding month in which plan's initial application is filed, and corresponding segment rates:	May 2022	0.93%	2.72%	3.32%	applicable segment rates for August 2021 are 1.13%, 2.70%, and 3.38%. Those rates were issued in IRS Notice 21-50 on August 16, 2021 (see page 2 of notice under the heading "24-
2 months preceding month in which plan's initial application is filed, and corresponding segment rates:	April 2022	0.87%	2.67%	3.29%	Month Average Segment Rates Without 25-Year Average Adjustment"). They are also available on IRS' Funding Yield
3 months preceding month in which plan's initial application is filed, and corresponding segment rates:	March 2022	0.87%	2.64%	3.28%	Curve Segment Rate Tables web page (See Funding Table 3 under the heading "24-Month Average Segment Rates Not Adjusted").
Non-SFA Interest Rate Limit (lowest 3rd segment t	rate plus 200 basis points	s):		5.28%	This amount is calculated based on the other information entered above.
Non-SFA Interest Rate Calculation (lesser of Plan Interest Rate and Non-SFA Interest Rate Limit):	5.28%	This amount is calculated	d based on the other inform	nation entered above.	<u> </u>
Non-SFA Interest Rate Match Check:	Match	If the non-SFA Interest R	Rate Calculation is not equ	al to the non-SFA Inte	erest Rate Used, provide explanation below.

SFA Interest Rate Limit (lowest average of the 3 se	egment rates plus 67 basi:	2 93%	This amount is calculated based on the other information entered.		
SFA Interest Rate Calculation (lesser of Plan Interest Rate and SFA Interest Rate Limit):	2.93%	This amount is calculated based on the other information entered above.			
SFA Interest Rate Match Check:	Match	If the SFA Interest Rate Calculation is not equal to	the SFA Interest Rate Us	ed, provide explanation below.

SFA Determination - Details for the "basic method" under § 4262.4(a)(1) for all plans

See Template 4A Instructions for Additional Instructions for Sheet 4A-4.

PLAN INFO Abbreviated Plan Name:	Bricklayers L	ocal 1					
EIN:	54-6060633						
PN:	001						
MPRA Plan?	No	Meets the definition of a MPRA plan described in § 4262.4(a)(3)?					
Plan, which method yields the	N/A	tescribed in § 426.2.4(a)(5)? MPRA increasing assets method described in § 4262.4(a)(2)(i). MPRA present value method described in § 4262.4(a)(2)(ii).					
Measuremen	03/31/2022						
Value of Assets as of	\$254,702						
Amount as of the SFA Measuremen	\$12,662,094	Per § 4262.4(a)(1), the lowest whole dollar amount (not less than \$0) for which, as of the last day of each plan year during the SFA coverage period, projected SFA assets and projected non- Only required on this sheet if the requested amount of SFA is					
Projected SFA exhaustion	07/01/2043	Only required on this sheet if the requested amount of SFA based on the "basic method". Plan Year Start Date of the plan year in which the sum of annual projected benefit payments and administrative.					
Non-SFA Interest SFA Interest	5.28%						
SFA Interest Rate:	2.93%	0.0293

MPRA Plan?		Meets the definition of a MPRA plan described in §	4262.4(a)(3)?
If a MPRA Plan, which method yields the greatest amount of SFA?		MPRA increasing assets method described in § 426: MPRA present value method described in § 4262.4(
SFA Measurement Date:			
Fair Market Value of Assets as of the SFA Measurement Date:			
SFA Amount as of the SFA Measurement Date under the method calculated in this Sheet:		Per § 4262.4(a)(2)(i), the lowest whole dollar amoun SFA coverage period, projected SFA assets and pro- last day of the SFA coverage period, the sum of pro- such sum as of the last day of the immediately prece-	jected non-SFA assets are both greater jected SFA assets and projected non-SI
Projected SFA exhaustion year:		Only required on this sheet if the requested amount of Plan Year Start Date of the plan year in which the syear exceeds the beginning-of-year projected SFA as	um of annual projected benefit payment
Non-SFA Interest Rate:			
SFA Interest Rate:			

	On this Sheet, show payments INTO the plan as positive amounts, and payments OUT of the plan as negative amounts.											
	(1)	(2)	(3)	(4)	(5)	(6)	(7)	(8)	(9)	(10)	(11)	(12)
SFA Measurement Date / Plan Year Start Date	Contributions	Withdrawal Liability Payments	Other Payments to Plan (excluding financial assistance and SFA)	Benefit Payments (should match total from Sheet 4A-2)	Make-up Payments Attributable to Reinstatement of Benefits Suspended through the SFA Measurement Date	Administrative Expenses (excluding amount owed PBGC under 4261 of ERISA; should match total from Sheet 4A-3)	Administrative Expenses		Projected SFA Assets at End of Plan Year (prior year assets + (7) + (8))	Benefit Payments (from (4) and (5)) and Administrative Expenses (from (6)) Paid from Non-SFA Assets	Non-SFA Investment Income Based on Non- SFA Interest Rate	Projected Non-SFA Assets at End of Plan Year (prior year assets + (1) + (2) + (3) + (10) + (11))

TEMPLATE 5A v20220802p

Baseline - for non-MPRA plans using the "basic method", or for MPRA plans for which the requested amount of SFA is determined under the "increasing assets method"

File name: Template 5A Plan Name, where "Plan Name" is an abbreviated version of the plan name.

Instructions for Section C, Item (5) of the Instructions for Filing Requirements for Multiemployer Plans Applying for Special Financial Assistance:

This Template 5A is not required if all assumptions and methods used to determine the requested SFA amount are identical to those used in the most recent actuarial certification of plan status completed before 1/1/2021 ("pre-2021 certification of plan status"), except the non-SFA and SFA interest rates, and except any assumptions that were changed in accordance with Section III, Acceptable Assumption Changes in PBGC's SFA assumptions guidance (other than the acceptable assumption change for "missing" terminated vested participants described in Section III.E. of PBGC's SFA assumptions guidance).

Provide a separate deterministic projection ("Baseline") using the same calculation methodology used to determine the requested SFA amount, in the same format as Template 4A (Sheets 4A-2, 4A-3, and either 4A-4 or 4A-5) that shows the amount of SFA that would be determined if all underlying assumptions and methods used in the projection were the same as those used in the pre-2021 certification of plan status, except the plan's non-SFA interest rate and SFA interest rate, which should be the same as used in Template 4A (Sheet 4A-1).

For purposes of this Template 5A, any assumption change made in accordance with Section III, Acceptable Assumption Changes, in PBGC's SFA assumptions guidance should be reflected in this Baseline calculation of the SFA amount and supporting projection information, except that an assumption change for "missing" terminated vested participants described in Section III.E of PBGC's SFA assumptions guidance should <u>not</u> be reflected in the Baseline projections. See examples in the SFA instructions for Section C, Item (5).

Additional instructions for each individual worksheet:

Sheet

5A-1 Baseline - Benefit Payments for the "basic method", or for MPRA plans for which the requested amount of SFA is determined under the "increasing assets method"

See Template 4A instructions for Sheet 4A-2, except provide the benefit payment projection used to determine the Baseline SFA amount.

5A-2 Baseline - Participant Count and Administrative Expenses for the "basic method", or for MPRA plans for which the requested amount of SFA is determined under the "increasing assets method"

See Template 4A instructions for Sheet 4A-3, except provide the projected total participant count and administrative expense projection used to determine the Baseline SFA amount.

5A-3 Baseline - Details for the "basic method" under § 4262.4(a)(1) for non-MPRA plans, or for the "increasing assets method" under § 4262.4(a)(2)(i) for MPRA plans for which the requested amount of SFA is determined under that method

For non-MPRA plans, see Template 4A instructions for Sheet 4A-4, except provide the projection used to determine the Baseline SFA amount under the "basic method" described in § 4262.4(a)(1). Unlike Sheet 4A-4, it is not necessary to explicitly identify the projected SFA exhaustion year in Sheet 5A-3.

For MPRA plans for which the requested amount of SFA is determined under the "increasing assets method", see Template 4A instructions for Sheet 4A-5, except provide the projection used to determine the Baseline SFA amount under the "increasing assets method" described in § 4262.4(a)(2)(i). Unlike Sheet 4A-5, it is not necessary to identify the projected SFA exhaustion year in Sheet 5A-3.

TEMPLATE 6A v20220802p

Reconciliation - for non-MPRA plans using the "basic method", or for MPRA plans for which the requested amount of SFA is determined under the "increasing assets method"

File name: Template 6A Plan Name, where "Plan Name" is an abbreviated version of the plan name.

Instructions for Section C, Item (6) of the Instructions for Filing Requirements for Multiemployer Plans Applying for Special Financial Assistance:

This Template 6A is not required if all assumptions and methods used to determine the requested SFA amount are identical to those used in the most recent actuarial certification of plan status completed before 1/1/2021 ("pre-2021 certification of plan status"), except the non-SFA and SFA interest rates, and except any assumptions changed in accordance with Section III, Acceptable Assumption Changes, in PBGC's SFA assumptions guidance (other than the acceptable assumption change for "missing" terminated vested participants described in Section III.E of PBGC's SFA assumptions guidance).

This Template 6A is also not required if the requested SFA amount from Template 4A is the same as the SFA amount shown in Template 5A (Baseline).

If the assumptions/methods used to determine the requested SFA amount differ from those in the "Baseline" projection in Template 5A, then provide a reconciliation of the change in the total amount of SFA due to each change in assumption/method from the Baseline to the requested SFA as shown in Template 4A.

For each assumption/method change from the Baseline through the requested SFA amount, provide a deterministic projection using the same calculation methodology used to determine the requested SFA amount, in the same format as Template 4A (either Sheet 4A-4 or Sheet 4A-5).

Additional instructions for each individual worksheet:

Sheet

6A-1 Reconciliation - Summary for the "basic method", or for MPRA plans for which the requested amount of SFA is determined under the "increasing assets method"

For Item number 1, show the SFA amount determined in Template 5A using the "Baseline" assumptions and methods. If there is only one change in assumptions/methods between the Baseline (Template 5A) and the requested SFA amount (Template 4A), then show on Item number 2 the requested SFA amount, and briefly identify the change in assumptions from the Baseline.

If there is more than one change in assumptions/methods from the Baseline, show each individual change as a separate Item number. Each Item number should reflect all changes already measured in the prior Item number. For example, the difference between the SFA amount shown for Item number 4 and Item number 5 should be the incremental change due to changing the identified single assumption/method. The Item numbers should show assumption/method changes in the order that they were incrementally measured.

6A-2 Reconciliation - Details for the "basic method" under § 4262.4(a)(1) for non-MPRA plans, or for the "increasing assets method" under § 4262.4(a)(2)(i) for MPRA plans for which the requested amount of SFA is determined under that method

For non-MPRA plans, see Template 4A instructions for Sheet 4A-4, except provide the projection used to determine the intermediate Item number 2 SFA amount from Sheet 6A-1 under the "basic method" described in § 4262.4(a)(1). Unlike Sheet 4A-4, it is not necessary to explicitly identify the projected SFA exhaustion year in Sheet 6A-2.

For MPRA plans for which the requested amount of SFA is determined under the "increasing assets method", see Template 4A instructions for Sheet 4A-5, except provide the projection used to determine each intermediate SFA amount from Sheet 6A-1 under the "increasing assets method" described in § 4262.4(a)(2)(i). Unlike Sheet 4A-5, it is not necessary to explicitly identify the projected SFA exhaustion year in Sheet 6A-2.

A Reconciliation Details sheet is not needed for the last Item number shown in the Sheet 6A-1 Reconciliation, since the information should be the same as shown in Template 4A. For example, if there is only one assumption change from the Baseline, then Item number 2 should identify what assumption changed between the Baseline and Item number 2, where Item number 2 is the requested SFA amount. Since details on the determination of the requested SFA amount are shown in Template 4A, a separate Sheet 6A-2 Reconciliation Details is not required here.

6A-3 Reconciliation - Details for the "basic method" under § 4262.4(a)(1) for non-MPRA plans, or for the "increasing assets method" under § 4262.4(a)(2)(i) for MPRA plans for which the requested amount of SFA is determined under that method

See instructions for 6A-2 Reconciliation Details, except for the intermediate Item number 3 SFA amount from Sheet 6A-1.

6A-4 Reconciliation - Details for the "basic method" under § 4262.4(a)(1) for non-MPRA plans, or for the "increasing assets method" under § 4262.4(a)(2)(i) for MPRA plans for which the requested amount of SFA is determined under that method

See instructions for 6A-2 Reconciliation Details, except for the intermediate Item number 4 SFA amount from Sheet 6A-1.

6A-5 Reconciliation - Details for the "basic method" under § 4262.4(a)(1) for non-MPRA plans, or for the "increasing assets method" under § 4262.4(a)(2)(i) for MPRA plans for which the requested amount of SFA is determined under that method

See instructions for 6A-2 Reconciliation Details, except for the intermediate Item number 5 SFA amount from Sheet 6A-1.

Version Date updated

v20220701p 07/01/2022

TEMPLATE 7 v20220701p

7a - Assumption/Method Changes for SFA Eligibility

File name: Template 7 Plan Name, where "Plan Name" is an abbreviated version of the plan name.

Instructions for Section C, Item (7)a. of the Instructions for Filing Requirements for Multiemployer Plans Applying for Special Financial Assistance:

Sheet 7a of Template 7 is not required if the plan is eligible for SFA under § 4262.3(a)(2) (MPRA suspensions) or § 4262.3(a)(4) (certain insolvent plans) of PBGC's special financial assistance regulation.

Sheet 7a of Template 7 is not required if the plan is eligible based on a certification of plan status completed before January 1, 2021.

Sheet 7a of Template 7 is not required if the plan is eligible based on a certification of plan status completed after December 31, 2020 but reflects the same assumptions as those in the pre-2021 certification of plan status.

Provide a table identifying which assumptions/methods used in determining the plan's eligibility for SFA differ from those used in the pre-2021 certification of plan status and brief explanations as to why using those assumptions/methods is no longer reasonable and why the changed assumptions/methods are reasonable.

This table should identify <u>all changed assumptions/methods</u> (including those that are reflected in the Baseline provided in Template 5A or Template 5B) and should be an abbreviated version of information provided in Section D, Item (6)a. of the SFA filing instructions.

For example, if the mortality assumption used in the pre-2021 certification of plan status is the RP-2000 mortality table, and the plan proposes to change to the Pri-2012(BC) table, complete one line of the table as follows:

	(A)	(B)	(C)
Assumption/Method That Has Changed From Assumption/Method Used in Most Recent Certification of Plan Status Completed Prior to 1/1/2021	Brief description of assumption/method used in the most recent certification of plan status completed prior to 1/1/2021	Brief description of assumption/method used in showing the plan's eligibility for SFA (if different)	Brief explanation on why the assumption/method in (A) is no longer reasonable and why the assumption/method in (B) is reasonable
Base Mortality Assumption	RP-2000 mortality table	Pri-2012(BC) mortality table	Prior assumption is outdated. New assumption reflects more recently published experience for blue collar workers.

Add one line for each assumption/method that has changed from that used in the most recent certification of plan status completed prior to 1/1/2021.

Since this Template 7a is intended as an abbreviated version of more detailed information provided in Section D, Item (6)a. of the SFA filing instructions, it is not necessary to include full tables of rates at every age (e.g., for retirement, turnover, etc.). Instead, a high level description that focuses on what aspect of the assumption/method has changed is preferred.

Template 7 - Sheet 7a Assumption/Method Changes - SFA Eligibility

TEMPLATE 7 v20220701p

7b - Assumption/Method Changes for SFA Amount

File name: Template 7 Plan Name, where "Plan Name" is an abbreviated version of the plan name.

Instructions for Section C, Item (7)b. of the Instructions for Filing Requirements for Multiemployer Plans Applying for Special Financial Assistance:

Provide a table identifying which assumptions/methods used in determining the amount of SFA differ from those used in the pre-2021 certification of plan status (except the non-SFA and SFA interest rates) and brief explanations as to why using those original assumptions/methods is no longer reasonable and why the changed assumptions/methods are reasonable.

Please state if the changed assumption is an extension of the CBU assumption or the administrative expenses assumption as described in Paragraph A "Adoption of assumptions not previously factored into pre-2021 certification of plan status" of Section III, Acceptable Assumption Changes of PBGC's guidance on Special Financial Assistance Assumptions.

This table should identify <u>all changed assumptions/methods</u> except for the interest rates (including those that are reflected in the Baseline provided in Template 5A or Template 5B) and should be an abbreviated version of information provided in Section D, Item (6)b. of the SFA filing instructions.

For example, if the mortality assumption used in the pre-2021 certification of plan status is the RP-2000 mortality table, and the plan proposes to change to the Pri-2012(BC) table, complete one line of the table as follows:

	(A)	(B)	(C)
Assumption/Method That Has Changed From Assumption Used in Most Recent Certification of Plan Status Completed Prior to 1/1/2021	Brief description of assumption/method used in the most recent certification of plan status completed prior to 1/1/2021	Brief description of assumption/method used to determine the requested SFA amount (if different)	Brief explanation on why the assumption/method in (A) is no longer reasonable and why the assumption/method in (B) is reasonable
Base Mortality Assumption	RP-2000 mortality table	Pri-2012(BC) mortality table	Original assumption is outdated. New assumption reflects more recently published experience for blue collar workers.

For example, assume the plan is projected to be insolvent in 2029 in the pre-2021 certification of plan status. The plan changes its CBU assumption by extending the assumption to the later projection years as described in Paragraph A, "Adoption of assumptions not previously factored into pre-2021 certification of plan status" of Section III, Acceptable Assumption Changes of PBGC's guidance on Special Financial Assistance Assumptions. Complete one line of the table as follows:

	(A)	(B)	(C)
Assumption/Method That Has Changed From Assumption Used in Most Recent Certification of Plan Status Completed Prior to 1/1/2021	Brief description of assumption/method used in the most recent certification of plan status completed prior to 1/1/2021	Brief description of assumption/method used to determine the requested SFA amount (if different)	Brief explanation on why the assumption/method in (A) is no longer reasonable and why the assumption/method in (B) is reasonable
CBU Assumption	Decrease from most recent plan year's actual number of CBUs by 2% per year to 2028	Same number of CBUs for each projection year to 2028 as shown in (A), then constant CBUs for all years after 2028.	Original assumption does not address years after original projected insolvency in 2029. Proposed assumption uses acceptable extension methodology.

Add one line for each assumption/method that has changed from that used in the most recent certification of plan status completed prior to 1/1/2021.

Since this Template 7b is intended as an abbreviated version of more detailed information provided in Section D, Item (6)b. of the SFA filing instructions, it is not necessary to include full tables of rates at every age (e.g., for retirement, turnover, etc.). Instead, a high level description that focuses on what aspect of the assumption/method has changed is preferred.

Contribution and Withdrawal Liability Details

File name: Template 8 Plan Name, where "Plan Name" is an abbreviated versiv20220802p

base units (including identification of the base unit used (i.e., hourly, weekly)), average contribution rate(s), reciprocity contributions (if applicable), additional contributions from the rehabilitation plan (if applicable), and any other identifiable contribution streams. For withdrawal liability, separately show amounts for currently withdrawn employers and for future assumed withdrawals. Also provide the projected number of active participants at the beginning of each plan year.

The first row in the projection period is for the period beginning on the SFA measurement date and ending on the last day of the plan year containing the SFA measurement date. For
